Project Abstract: In an effort to increase family and community wellness among our nation's tribes, Montana State University Extension - Housing & Environmental Health Program will establish a national center that will enable tribal communities to assess homes for common indoor health hazards and contaminants. Training and technical assistance will be offered to all 562 federally-recognized tribes via national, state and local tribal partners such as the National American Indian Housing Council, the National Congress of American Indians, and the National Center for Healthy Housing.

**Project Abstract:** The mission of the Energy Promotion and Development Division is to help create high quality energy-related jobs and enhance domestic energy security by working directly with private industry, local & regional economic development organizations, as well as new workers. Under this program, if an application for training funds is approved, the State can provide up to \$5,000 in worker training funds for each qualifying employee of a primary sector Montana company.

**Project Abstract:** This is a Federal Fiscal Year 2009 Drinking Water State Revolving Fund (DWSRF) stimulus grant under the ARRA of 2009. It provides a source of financing for the construction of water treatment facilities and associated infrastructure, green infrastructure, program administration and technical assistance activities. The primary is to: preserve and create jobs and promote economic recovery through the investment in infrastructure projects that will improve water quality and will provide long-term economic benefits.

**Project Category:** Water and Environment **Project Abstract:** This is a Federal Fiscal Year 2009 Drinking Water State Revolving Fund (DWSRF) stimulus grant under the American Recovery and Reinvestment Act of 2009. It provides a source of financing for the construction of water treatment facilities and associated infrastructure, green infrastructure, program administration and technical assistance activities.

Project ID: 5706000011 Project Name: St. Louis Crk Mine Recl. Project Category: Water and Environment Sub Class: 540W7

Project Abstract: The St. Louis Mine Reclamation project is a partnership between Missoula County, Trout Unlimited, and U.S. Forest Service. The project goals are to protect water quality in St. Louis Creek from potentially leaching heavy metals; and improve fisheries in St. Louis Creek and attain naturally functioning stream processes. The project includes removal of waste rock, and stream restoration along 2,500 feet of the East Fork St. Louis Creek and St. Louis Creek. The project proposes to remove 30,000 cubic yards of waste rock.

**Project Abstract:** This is a Federal Fiscal Year 2009 Drinking Water State Revolving Fund (DWSRF) stimulus grant under the American Recovery and Reinvestment Act of 2009. It provides a source of financing for the construction of water treatment facilities and associated infrastructure, green infrastructure, program administration and technical assistance activities.

**Project Abstract:** Administrative dollars for workload related to UI Federal Additional Compensation benefit payments. This will increase weekly benefits to all claimants (including EUC) by \$25 per week for all claims filed before January 1st 2010. This increased benefit will expire on June 30, 2010. The department will recieve some administrative funds based upon a workload formula.

Project ID: 350100000011Project Name: ARRA IDEA PreschoolProject Category: EducationSub Class: 160W5

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) appropriated new funding for programs under Parts B of the Individuals with Disabilities Education Act (IDEA), which provides funds to local educational agencies (LEAs) to help them ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education to meet each child's unique needs and prepare him or her for further education, employment, and independent living. Montana's allocation is \$1.26 M.

**Project Abstract:** The Legislature of the State of Montana appropriated ARRA State Fiscal Stabilization Funds for K-12 BASE Aid to public schools in the amounts of \$25.3 M for FY 2009-10 and \$36.8 M for FY 2010-11. This funding is general support for education programs at Montana's K-12 public schools.

**Project Abstract:** The Legislature appropriated \$1.2M per year of the biennium under HB 645 to support the level of state expenditures required under the Individuals With Disabilities Act (IDEA). The state must maintain a constant level of special education funding for K-12 education in order to maintain state eligibility for federal IDEA grant funds.

Project ID	•	0000000030	Project Name:	Food for Food Banks		Project Category	: Health and Hum	an Services	Sub Class: 8	355W2				

Project Abstract: These funds will be used to support the needs of food banks throughout the state and could potentially purchase 300,000 to 500,000 pounds of food. Food pantries throughout Montana have experienced increased demands by the growing numbers of low income families needing food bank assistance. This funding is intended to purchase additional food items to meet the need to have food on the pantry shelves for those that need it.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will provide additional operating expenses for existing AmeriCorps grants. The Prevention Resource Center (PRC), sponsors AmeriCorps\*VISTA members throughout Montana. Currently, PRC has AmeriCorps VISTA members serving across the state, from recent college graduates to natives of Montana who were looking to make a difference in their communities. Each VISTA member works with communities through non-profit agencies that provide prevention programs in five areas: drug and alcohol abuse, teen pregnancy, school dropout, youth crime and violence, and child abuse and neglect.
